

Mount Hermon Baptist Church

Enewsletter – March 26, 2020

<http://www.mt-hermon.org/>

Given present circumstances, we will **NOT have church activities this Sunday, March 29.**

- Are you keeping in touch through phone calls, emails, texts, and in other caring ways?
- If you have an errand that needs to be run for food or medicine, there are folks who would be happy to do that for you. Just let us know.
- MHBC ministry continues, so please convey your contributions to the church as regularly as possible. -- To contribute online go to... <https://give.mogiv.com/app/giving/church07>

Bored little ones at home? -- **Anne Shultz** has produced a video of the drop-in music & movement classes she teaches for infants through preschoolers. You can go to her Missannesmusicandmovement Instagram link to the video in her bio.

If you would be willing to produce the **newsletters and bulletins** during the transition period beginning **May 31**, please contact the church office. You will receive training for a process anyone familiar with Word and Publisher documents can do.

The Men's Weekend planned for April 17-19 has been cancelled

US Census 2020. Perhaps you have already received a notice in the mail with instructions on how to respond to the census, either through the mail or online. It's easy. It's important to the allocation of resources to our state and locality.

Prayers appreciated for...

Brandon Perrot, in Chippenham Medical Center

Wade Womack, had surgical procedure on his neck yesterday at UVA Medical Center

Happy Birthday!

<i>March</i>	<i>April</i>
29 Bill Gayle	3 Terry Bowman
29 Vickie Robben	4 Penny Godsey
29 Shawna Payne	
30 Bob Lind	

Knowledge is power. Information is liberating. Education is the premise of progress, in every society, in every family. -- Kofi Annan

From the Pastor... *What is the Truth?*

In fact, men will fight for a superstition quite as quickly as for a living truth - often more so, since a superstition is so intangible you cannot get at it to refute it, but truth is a point of view, and so is changeable. -- Hypatia

There are a wide variety of opinions about the steps being taken to stem the spread of the present form of virus. Some think *more* needs to be done... some think present guidelines are *just right*... some think the response is *excessive*... some consider the response to be *hysterical overkill*... and others, well, who knows what people think?

Hypatia was certainly correct. *Truth is a point of view*. The political world has long been arguing over facts versus fake news. People look at the same sets of data and come to very different conclusions. Actually, we all tend to view "facts" through the lens of how they best serve our own personal needs and interests. Such as always been the case, no matter what the subject might be.

No human fully comprehends the truth 100% accurately. The only one who does that is the Son of God, the embodiment of truth. Jesus is either The Truth (The Way and The Life), as he claimed to be, or he was a nut. I believe he is the Truth and we ought to listen to him. We spend a lifetime doing that because there is always more to learn.

Let's BE people of the Way, the Truth, and the Life today. Apply the truth to all areas of life and you will be participating more fully in the Kingdom of God. Lord knows, we always need the Kingdom to be at work in the world.

God's best to you,

Lee
